Currency, privacy, deactivation — all your controls.

■ Help & FAQ

Quick-fire answers + how-to guides.

■ Legal

T&Cs,, privacy, community standards — always available.

■ Account Security

Password reset, account lock, 2-factor controls.

Why this matters

Network Capital is a community resource ecosystem — not a financial platform. Every feature is built around one promise: turn your relationships into real value. Your Score is uncapped. Withdrawals are real. Ambassadors are real. Use this map as a 60-second tour for new members or board members.

Compliance reminder:
We use 'shared access' and 'collective participation' — not 'ownership'.
